

ANENT THE HAZING

A Communication That Lets Light on the Subject.

September 24, 1901.
To the Editor of The Journal: I have read your account of the unfortunate hazing affair which took place in the vicinity of our home on Sunday evening. Your article I have no doubt, is a disinterested attempt to set forth a plain and unvarnished statement of the true facts. It is possible, however, that the public may get a wrong impression from certain expressions therein.

Your article says, "Harry had been warned and warned himself," etc., and that "he turned the gun loose." It should be said in justice to Harry and the rest of us that for the public to deduce from these statements that Harry's act was premeditated is to reach an entirely erroneous conclusion. He learned of the plot through some girl friends who, hearing of the purpose of the hazing and knowing his physical inability to undergo the ordeal, warned him to remain inside. The pistol was not thought of until one of the hazers, who claimed to be a friend and heretofore was supposed to be, called at the house and treacherously decoyed Harry out. The circumstances of the invitation aroused Harry's suspicion and he returned for the pistol from a friend outside.

The public is entitled to know, and Harry is entitled in his behalf, that the pistol was not fired until he was surrounded in the dark, seized and taken to a violent to the ground by several about unknown to him. He then, and who were bound to him, threatened violence.

I have no doubt, having been there myself in college parlance that the boys would not have been but that of the police knowing the police officers of Harry's health would have taken care of whatever they thought best. I am sure for anyone to say that Harry and our family were not in a dangerous situation, is a very foolish statement. The fact is that Harry was in a very serious situation and that all thought of the college events of a nature which more congenial and which would occupy the thought of the friends and students of the University.

Very respectfully,
W. C. LAMB

DURHAM BULLS FOR SALE.

I have no better for sale twenty-six high-grade Durham Bulls that I can touch for. They were of my own raising by registered sire and out of other high grade or full blood mothers. A few of them are pumped for show purposes and are in color and the best of the breed ever offered for sale in the state. W. H. PATTERSON
Reno, Nev., Sept. 23, 1901. 2x

ATTENTION, WOODMEN!

All woodmen of Washoe Camp No. 107 W. H. W. are requested to meet at the Fall Play evening, September 25th at 8 o'clock sharp. Business of importance.

J. E. TAYLOR, Clerk
sept25-3t

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

Stoves cheapest at Ed Schmitt's. The cadet battalion now numbers over 150.

The date of West's minstrel has been canceled.

North's barber shop is putting on a handsome new front.

The Wedekind-Bell case has been postponed until November 19th.

Dr. St. George will sink wells in his addition for drinking purposes.

Abe Coleman of this city has opened a barber shop in San Francisco.

Plumbing, tinning, stoves, repair work, neat and cheap at Ed. Schmitt's.

Guns and ammunition, rifles, pistols, hunting outfits, cheapest at Schmitt's.

G. M. Bello & Co. make the best tamales in town. Next to Racket store.

Cooking utensils, lamps, crockery, fruit jars and cans, agate ware, sold cheap at Ed. Schmitt's.

It is nearly two months since the fire bell has rung in Reno. Fires come in bunches in this town.

Twenty men from Cripple Creek, miners, speculators and others passed through Reno yesterday morning on their way to Tonopah.

All the magazines and periodicals on sale at Harry Davis Model store. Single copies and subscriptions. Latest designs in stationery.

The State Fair Committee on awards have completed their task, with the exception of the Committee on Fruits and Vegetables.

Judge Bigelow, formerly a member of the Nevada State Supreme Court, is reported, will return to Reno shortly to open a law office.

A son was born Saturday to the wife of A. Aguayo. It cost Aleck several bottles of wine when he came down town beside the usual incidental expenses.

The work on the new chemical building and on the hospital building is progressing rapidly. Contractor Clough, who is building both, expects to have them completed and ready for occupancy by the beginning of the next semester.

Very respectfully,
W. C. LAMB

Wore Ground Is Bonded.

The mining deals consummated in the vicinity of Reno in purchases and bonds this season will reach toward the \$2,000,000 mark.

Yesterday afternoon a working bond was placed by the Senator Gold Mining Company on 40 acres of ground near Steamboat Springs. The consideration was \$75,000. The property was owned by the Webster and Wright estates.

Already the Senator Company has options in the sum of \$420,000 and is scratching gravel rapidly. The com-

pany received another consignment of machinery yesterday. Two carloads of lumber have arrived for timbering the double compartment shaft.

More Information, Please.
"Homes" writes to the Carson Weekly that parties of unknown politics are purchasing a newspaper plant in San Francisco and will commence publication in Reno about January 1st.

CARD OF THANKS.
I desire to thank all those who lent their assistance and sympathy at the time of my recent sad bereavement.
MRS. C. C. MORTON.

WARM TIMES WAY-OUT EAST

An Eastern Nevada Town That Is a Hot Place.

"There is a saloon down at Nevada, built right across the State line," said a stonemason who arrived from that point yesterday, "that is making more money than any five places in Salt Lake City. Beer and whisky are both 15 cents a glass straight. The proprietor owns the water works and a nineteen-mile pipe line. When served up the liquor is about the color of beer. The saloon keeper also owns the town-site and the only hotel in town, so he is pretty near the whole thing down there. His name is 'Fatty' Meeks, and he came from Salt Lake."

"Nevada is a busy town these days. Twenty-eight stages depart with the mails in every direction each day. They are nearly always full of passengers—fellow with stand-up collars and lots of money who are interested in the mines. The town has only about twenty permanent residents, but the floating population is 300."

"Everybody carries a gun and gun-play is everyday occurrence. The day before I left a young engineer from New York, a nice quiet boy, went out to survey a pipe line across a claim. A down came a big miner and ordered him out, saying it was his claim. The engineer told him he hadn't done his assessment work. The old man said that made no difference, and that he would kill the engineer if he stayed there. The boy thought he might do it, too, so he got his Winchester."

The old fellow came around the next day with a gun and the engineer took a couple of shots at him. That was the last I heard of the trouble. A little while before a killer from St. George had got into trouble with the bartender at the saloon. They had a wrestling match and the bartender shot the Utah man twice, killing him."

They took the bartender to St. George, but he came back the next day, cleared an account of the other fellow's reputation. There does not seem to be any rivalry between the two railroads. Every day this fall the provisions for the Clark road are hauled in over the Short Line and the engineers sleep together. —Salt Lake Tribune.

THE PLACE TO GO.
Take your watch, clock and jewelry repairing, diamond setting and engraving where none but expert workmen are employed. All work guaranteed by the Frank Golden Jewelry Company, leading jewelers of Nevada.

Already the Senator Company has options in the sum of \$420,000 and is scratching gravel rapidly. The com-

pany received another consignment of machinery yesterday. Two carloads of lumber have arrived for timbering the double compartment shaft.

JOE KENNEDY LASTED QUICK

Champion Won in Round and a Half.

A Large Crowd Witnessed the Pugilistic Sport in Oakland Last Night.

(Special to The Journal.)

SAN FRANCISCO, Sept. 24.—It took Jeffries a round and a half to dispose of Big Joe Kennedy at Reliance Club in Oakland tonight. Kennedy did well enough in the first round to give his friends hope that he might at least last the four rounds necessary to win the \$100 offered by the champion if he succeeded in doing so. Kennedy had trained faithfully for three weeks, and having once beaten Ruhlman hoped to make a showing with Jeffries that would establish him in a first position among heavy weights. Unlike Hank Griffin, he went right to the champion in the first round and landed several stiff blows in the big boiler maker's face. Jeffries gave all his attention to his opponent's body trying repeatedly with stiff body punches which, however, he failed to land effectively. Kennedy may be said to have more than held his own in this round. At start of next round Jeffries went right after Kennedy and showed a determination to make short work of the Oaklander. He rushed Kennedy repeatedly, landing occasionally and forcing the latter to constantly break ground. The end came very suddenly after about a minute and a half of fighting. Jeffries succeeded in reaching Kennedy's face with a couple of hard swings which seemed to daze the latter, and before he could steady himself the champion caught him on the neck with a stiff left hook. Kennedy dropped and his seconds threw up the sponge at the end of nine seconds. The crowd numbered two thousand.

TELEGRAPHIC BREVITIES

News of the Day Presented in Brief Form for Perusal by Busy Readers.

Emma Goldman was released from custody yesterday.

President Roosevelt's daughter has fallen helter to a fortune.

Judge Wilson, counsel for Admiral Schley, died suddenly yesterday.

One fireman was killed and several were injured while fighting a blaze in Chicago yesterday.

An iron and steel trust has been formed in Spain on the lines of the United States steel corporation.

Ed. Sasig, who was arrested in St. Louis, confesses to have been in the plot to murder President McKinley.

A boiler on the Michigan Central railroad exploded yesterday, instantly killing the fireman and seriously injuring the engineer.

Leon Czolgosz, the assassin of the President, was yesterday found guilty of murder in the first degree. He will be sentenced tomorrow.

The Commercial Pacific Cable Co. has been incorporated. It expects to build a line from San Francisco to Honolulu within nine months.

Is now covering the hills to the west of us and colder weather may be expected soon. Call on us now and be prepared. One good suit of underwear will cost you \$10, better than a cold see? We carry a full line of all kinds of winter goods, and at prices that will please you.

NOVELTY DRY GOODS STORE.

Dr. St. George's New Addition to Reno.

A Journal representative had the pleasure of driving over the new addition, and was satisfied that for sightliness and situation for building permanent homes, one would go very far, before the equal of it could be found.

St. George has sold 29 lots to date and at the prices he is asking the addition should be all sold in a short time. On an air line, the Doctor says it is 2800 feet from Virginia and Third street.

Parties seeking investment should

examine this tract, as it is lacking only in one thing, and that is, culture. It seems a pity that this tract had not been saved for a park as the view is magnificent, Steamboat Springs in the distance, the canyon with the trains going and coming and a panorama of the whole valley.

A Cozy Resort.

"The Hoffman" is advertised in another column of this paper. It is located in the basement of the Bank of Nevada building and is one of the most handsomely appointed saloons in the State. Proprietor Knapp caters to only the best trade.

HAS PRODUCED ITS MILLIONS

A Nevada Placer District With a Splendid Record.

Oscosola's placer mines have produced millions of dollars during the past twenty-five years, and many of the nuggets gathered there have been remarkable for their size and purity, says the White Pine News.

While the golden harvest of the present season has not been as bountiful as was expected, this by no means indicates that the placer deposits are becoming exhausted.

How such quantities of gold nuggets were deposited in the gulches of Oscosola is a problem which has never been solved, but that they came from the towering mountains on either side cannot be doubted by any one who has examined the characteristics of the surrounding country.

That the section was at one time badly broken up by violent disturbances is shown by the seams and fissures in the rock discovered by the placer workings, and down through these openings many nuggets have been seen to slip, literally slipping through the fingers of the anxious gold-hunters. What wealth is stored on the slate formation underlying this mass of shattered rock cannot even be guessed at, but some day the problem will be solved, and the mystery surrounding the source from which they were cached in their resting place in the gulches will be made plain by the opening up of Nature's treasure house. This will be accomplished by the development of quartz mines, and some fortunate company or individual will open up a gold mine at Oscosola that will astonish them with its riches.

At the present time the Butterfield Gold Mining and Milling Company, a corporation organized under the laws of Maine, with headquarters in Boston, is erecting a complete stamp mill there, having recently purchased the property of the Nevada Gold Development Company, and it is understood, propose thoroughly develop the mine.

TO PARENTS AND STUDENTS.

Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects. Parents should help to make studying a pleasure for children. Instead of a task, by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

FOR SALE.

Pianos of different styles and prices. The Wiley B. Allen Co. has just received a shipment of the finest pianos ever shipped to Reno for the price. Good people don't delay, now is the chance to get a nice piano from us. You can easily determine the proper firm to buy a piano from by calling and see for yourself.

SOCIAL AND PERSONAL

Items About People Who Travel to and Fro.

George H. Bayley is down from Moscow county.

Major F. B. Spriggs is up from the Reservation.

J. W. Dorsey returned from Carson last evening.

Miss Colcord of Carson is the guest of Miss Stubbs.

Miss Martin of Virginia is visiting relatives in Reno.

Dr. F. J. Ballou leaves for the north this morning.

Mrs. Evan Williams came up from Berkeley yesterday.

James Russell of Elko county is a guest at the Palace.

Mrs. Collier and family of Virginia have come to Reno to reside.

J. L. Grimes of Auburn is renewing old acquaintanceships in Reno.

Mrs. J. Jones has returned to Carson after visiting Reno friends.

Walter H. Graves of Washington, D. C., is a guest at the Riverside.

Wm. Chase of San Francisco is visiting his father, Rev. C. M. Chase.

A. B. Noffsinger, representing Bonestel & Co., paid the Journal a business visit yesterday.

C. T. Johnston of Cheyenne, Wyoming, is spending a few days in this city.

W. F. Stewart, the piano man, has returned to Reno after an extended absence.

Mr. and Mrs. A. C. Ellis and Miss Ellis were arrivals yesterday from Salt Lake City.

Mrs. M. Garbatz and child of Virginia are spending a few days with Reno friends.

Mr. and Mrs. Lee Uddike have returned to Winnemucca after visiting relatives in this city.

Spiro Francovich is spending a few days in Olinghouse Gulch looking after his mining interests.

Wedekind-Bell Litigation.

C. B. Bell, one of the plaintiffs in the Bell-Wedekind case, gives The Journal a report of the decision in the Circuit Court yesterday.

Editor Journal: The decision of Judge Hawley yesterday, to the best of my remembrance, in the Bell-Wedekind case, was that the judge held that the defendants should show in open court by witnesses in person that they have some right by the 15th of November.

He sustained the restraining order in full as it is today until such time as they could produce the facts in the case.

Second Day of the District Fair.

NEEDED WATER LEGISLATION.

THERE is a wide spread agitation in the arid west regarding governmental aid in irrigation. Nevada of all states in the Union has most to expect from an irrigation development and yet Nevada is the least prepared of all states to take advantage of any work inaugurated by the Government. The Government will never undertake to aid a state whose laws do not guarantee stability of water rights. In this respect Nevada is badly crippled. The laws of might and greed is the only right. The farmers complain and say there is no law and they are practically correct in the statement.

Before Nevada can take advantage of an irrigation system of storage reservoirs, water rights must become as stable as land laws. Every man's right must be adjudicated and the law must guarantee a protection of that right. This can only become possible under wise and intelligent legislation. The legislation in Nevada regarding water and irrigation has been wholly inadequate to the needs of the state.

Wyoming today affords the most perfect system of irrigation laws in America. Colorado and Montana both follow Wyoming. In Wyoming the foundation was based upon state control of water and a Board of Control and Water Commissioners have regulated the just and economical use of water, so that the largest number of acres possible can be irrigated with the least possible number of inches. The Wyoming system could be studied with advantage by the Nevada farmer and the question of state action must be seriously considered in the future. A constitutional amendment by Assemblyman Nelson was unfortunately defeated in the Senate last winter but it passed the House by a vote of 30 to 1. This amendment served as the basis of a wise and intelligent system of laws similar to those in Wyoming. The practical operation of which have given complete satisfaction to the farmers, and contributed materially to the substantial development of the state.

BEAUTIFUL RENO.

IT IS NO exaggeration to say that the environment of Reno is the most pleasant of any town in America. The people of Reno are slow to appreciate the splendid advantages which nature has given the town. Town growth and town adornment should be studied with an artistic eye. One may as well live in a bower of beauty as in a desert waste. Reno having the advantage of a superior climate, pure water, pure atmosphere could be made famous by its scenic attractiveness. The people of the east are quick to realize the beauty of landscape and Reno under the artistic influences of an eastern people would be an attractive place of beauty. In the first place, from the standpoint of the landscape artist, the Truckee river is Reno's chief charm and the high banks, bluffs, willows, trees and rapid falls its valuable ornamentation. Reno should take a pride in the Truckee and jealously guard its beauty. Hotels and residences, with lawns and groves, should adorn its banks. There is no town in America today whose scenic attractions rival Reno nor whose possible development of landscape ornamentation are superior to those of Reno.

Life is not all a question of greed and competition. The soul seeks rest as does the mind and the eye itself loves relief in the artistic in nature, in lines of beauty, in the varied colors of nature, in the mystery of animal life, and in the beauty of vegetable life. It is as easy to make Reno a spot of bewildering beauty as it is to run along in grooves of gross and vulgar life.

Eastern people who visit Reno exclaim in amazement at its beauty. It is one of the elements of a state's growth that her towns, which are the object lessons to the outsider should be cleanly and attractive. How different the impression concerning Nevada if every town along the line had its groves and parks about the depots. Fountains and flowers and in a small building an exhibit of fruits and minerals. Undoubtedly the railroad would co-operate in this movement. A village improvement association should be an active factor in every town in Nevada, especially along the line of the railroad where every advantage by nature should be utilized to advertise the state and correct the mistaken idea that Nevada is a desert. Beautiful Reno is a refutation of this idea and it should in the years to come be an ideal city for beautiful homes, and sought for as one of the famous places in America.

NEVADA is the only state in the Union without a board of trade or chamber of commerce. These bodies serve excellent purposes. There should be a local board of trade in every county in Nevada to collect data and information regarding Nevada's resources. Utah and Colorado have their mining bureaus and mining papers. But Nevada sits idly by without effort. Yet the state today is the state of opportunity. It is the poor man's paradise, and the millionaire's goldmine, the farmer's Nile and the workman's kingdom. There is less want and poverty and more generosity in Nevada than in any state in the Union. Her people are more contented, happier, better informed than in most states in

the Union. She has fewer mortgages, less debts and a larger school fund than any state in the Union. She has a greater variety of minerals than any other country on earth. Her valleys are as fertile as the Nile. Her climate as varied as that of California. Yet she has 40,000 people, 40,000,000 acres of arable land and \$4,000,000,000 of mineral wealth in her mountains. She has produced enough mineral wealth to pay the national debt, she contains enough iron to build our navy, enough copper to gird the world with wire, enough lead to supply all the armies of the world with ammunition, enough timber to furnish paper for the press of the world, enough cattle to feed America, enough wool to clothe a nation, and enough sulphur to last hell an eternity.

NEVADA is on the eve of a mining revival notwithstanding the fact that she has produced upwards of \$700,000,000 the state is today the greatest undeveloped mining region in the world. It is natural that the mining world should imagine Nevada an exhausted mineral state. The Comstock, Pioche, Austin, Eureka and other camps produced immensely a quarter of a century ago. This production was followed by a long period of stagnation. The prospector clung to his undeveloped mines and performed from year to year his assessment work. The mining world turned to Colorado, Idaho, Utah, Alaska and Arizona. Nevada because she could not interest capital lay idle and neglected. Slowly a change has come and today the mining world is again turning to Nevada, the state of mammoth bonanzas and Tonapah, Lily, Wedekind, Jackson creek, Bull Run, Searchlight, Verington and Como, promise to make Nevada a great mineral producer once again. Legitimate mining enterprises could be assisted by plenty of advertising. A mining exchange, and mineral exhibits in the state would materially assist in attracting the attention of the mining world. Let us advertise Nevada's resources

COMPETITION is the life of trade, so is it the life of a nation. Take away competition and national energy is devitalized. The trusts today absolutely destroy competition and takes from the citizen the equality of opportunity.

WOOL is within a few cents of what it was under the Cleveland administration. How can our Republican friends explain this discrepancy between the prices of wool and Republican prosperity?

ADMIRAL SAMPSON has asked to be relieved from duty. His request will also relieve the American people.

THE Court of Inquiry is quite likely to persecute Admiral Schley into a presidential possibility.

The Gibbs

LEGAL ADVERTISEMENTS

[Timber Land, Act June 3, 1878.]

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE,
Carson City, Nevada, August 31, 1901

NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Samuel Longabaugh of Elmore, county of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 48, for the purchase of the S. 1/4 of Sec. 4 and S. 1/4 of Sec. 5 of Township No. 30 N., Range No. 18 E., M. D. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1901.

He names as witnesses:
John G. Philp of Carson City, Nevada
Wm. W. Coleman of Carson City, Nevada
Andrew Gray of Carson City, Nevada
Fred O. Walstrom of Carson City, Nevada

Any and all persons claiming adversely the above-described lands are required to file their claims in this office on or before said 11th day of November, 1901.

O. H. GALLUP, Register.
Date of first publication: Sept. 4, 1901.

RECOGNITION CONTINUES

Another California Paper Tells of Nevada's Awakening.

The wonderful riches of the Comstock mines for a long time seemed to dazzle the eyes of Nevadans, so that they could not see the immense resources still to be developed in the State. With the decadence of Virginia City, Nevada seemed to fall asleep, and for years she has been neglected. Happily this period is passing. A new era has dawned and prosperity begins to shine once more. In all directions life and activity is again to be seen, and unless signs fail, the long delayed development of Nevada has begun in earnest.

The discovery of the very rich ore near Reno and at Tonopah show conclusively that the Comstock mines were not the only rich ones. People are encouraged to go out and prospect, and the result is very beneficial. The old camps are renewing their activity and new ones are springing up. The south with its great bodies of low grade ore will soon find a market, for a railroad is being built across it. East, west, north and south, the old State is waking up into a blessed revival, and we freely predict that the next census return will show a doubling of her population and a trebling of her wealth. The Mining and Engineering Review has always upheld the great future of Nevada, and now it seems that its confidence is to be straightway substantiated.—Review.

Syracuse chilled plows at Nevada Hardware and Supply Company's Store. Try them a ... no other.

Joe Simpson is feeding many hungry people at the Monarch Lunch Counter. He serves only the best in the market.

Thives does strictly a liquor business. He carries the stock and can do better by you than any house in the town give him a trial.

The Monarch Saloon Company is putting on extra barkeepers to draw its celebrated Anheuser-Busch. It is the only eastern keg beer in Reno.

Don't let your chimneys burn out and endanger your property. Hamp & Sims will clean them thoroughly and at little cost. Masonic building. Tel. red 135.

The Washoe Lunch Counter and bar have built up an immense trade by serving only the best to their patrons. Messrs. Clausen & Block are experienced caterers.

The Snug saloon is the coziest resort in Reno. The place is patronized by good, jolly people. The choicest brands of liquors and cigars. Pringle & Carroll, proprietors.

The Monarch saloon carries the only eastern beer sold in Reno. Bryson & Cohn are sole agents for the famous Anheuser-Busch beer, the best and purest that can be obtained.

If you have real estate to sell we can find you a buyer. If you want to buy we will lend you money at a reasonable rate of interest. Pamplin & Hoffman, No 20 Second street.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store.

MINING IN THIS STATE

Culled News of Nevadas' Most Important Industry.

The new Chairman mill at Ely will be started up November 1st.

The Cal. & Nev. Marble Co., incorporated in Dakota, will soon begin active operations at the Lindsey quarries in Mono county.

The Salt Lake Tribune says: Otto Stalman, general manager of the Glasgow & Western Exploration Company's interests in this State and Nevada, has returned after an absence of several months in Scotland, where he went to confer with the officers of the company, and will reappear at his desk today.

It is understood that his return from Europe will be followed in a short time by orders to continue operations at the Nevada mines, mills and smelter more energetically than ever and that the miller at Golconda will be enlarged and fired up as soon as certain alterations can be made. This was a cheerful news for that portion of Nevada.

The organization of a State Miners' association is being urged. Such an organization would undoubtedly prove of great benefit to the mining industry of Nevada. Organizations of this kind have done their part toward developing the mining resources of other States in the West, and the same results could be accomplished in Nevada by united effort on the part of the miners of the State.—Silver State.

NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Achilles, Me., when the doctors said he would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, as she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50 cents and a trial bottle free at S. J. Hodgkinson's drug store.

WORKING NIGHT AND DAY.

The busiest and mightiest little thing at ever was made in Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the weak. Only 25 cents per box. Sold by S. J. Hodgkinson, druggist.

HOW IT IS DONE.

The first object in life with the American people is to "get rich," the second, how to regain health. The first can be obtained by energy, honesty and saving, the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual constipation, Dizziness of the Head, nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Go to Hodgkinson and get a sample bottle free. Regular size, 75 cents. Get Green's size Almanac.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly on this cause. A bottle of Boschee's German Syrup kept about your home or immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, is your druggist will tell you. Get a sample bottle free from Hodgkinson. Regular size, 75 cents. Get Green's size Almanac.

Baby's Coming

McDonald, Ga., July 12, 1900. I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Thadford's Black-Draught and have been able to do all my household work without any trouble. I am expecting every day to be crowned. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Thadford's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indication, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pain, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

For advice and literature, address, giving occupation, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

STOOD DEATH OFF.

M. B. Lundy, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germ and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous complaints, kidney troubles, female complaints; gives perfect health. Only 50 cents at S. J. Hodgkinson's drug store.

A SHOCKING CALAMITY.

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Winifred, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by S. J. Hodgkinson, druggist.

RICH ORE SPECIMENS ARE ON EXHIBITION

A Collection from Butler City Displayed in the Journal Office.

A number of mining men and the idly curious have visited the Journal office within the past day or two to see the magnificent collection of Tonopah ores that were received too late for exhibition at the State Fair. In addition to the bona fide rock there are a number of photographs of the camp. The collection was prepared and arranged by Editor Booth of the Tonopah Bonanza and Major Ingalls of the Mining and Scientific Press.

One specimen came from the Gold Hill group, two thousand feet west of the Mizpah ledge. The owners are Brougher Brothers, T. L. Oddie, J. O. Butler and James McCullough, the last named from New York City. The specimen is a large chunk, assaying \$1000. A smaller sample assays \$1000. The ore came from a depth of forty feet.

Three chunks covered with crystallized horn silver were sent by Messrs. Brougher Brothers, T. L. Oddie, J. O. Butler and James McCullough, the last named from New York City. The specimen is a large chunk, assaying \$1000. A smaller sample assays \$1000. The ore came from a depth of forty feet.

Yesterday a man named Webb hired a single rig of Raycraft Bros. to drive out to the mine and back. Up to the present time he has not returned and no trace of him can be found.—Carson News.

Under orders from E. H. Harriman, the regular passenger trains over the Southern Pacific will be entirely vestibuled within sixty days. "Within the same period fifty chair cars will be put into service."

The Inyo Register says that the C and C. Railroad boys do not have time to chase rabbits these times. Fourteen and fifteen cars continue on every train on the Southern division and a daily service is badly needed.

Cutting & Edwards have withdrawn from the Tonopah Bank and O. A. Turner has withdrawn from the merchantile firm of Turner, Edwards & Cutting in Tonopah. Mr. Turner will manage the bank and Edwards & Cutting will run the store.—Hawthorne Bulletin.

Two Sunset linemen named Smith and Goodwin had a dispute in Gold Hill as to who should climb a pole. They came to blows and Goodwin, whose face was badly battered, swore out a warrant for the arrest of his assailant. Later he appeared in court, pleaded guilty and was fined \$10.

The V. & T. railroad will shortly add to its equipment a new 75-ton 10 wheel locomotive. The present locomotives are four wheelers and weigh about 37 tons. The change in size is rendered necessary by the increase in freight between Reno and Mount House, caused by the discovery of the Silverstone and Tonopah mines. The load hauled by the locomotive on Saturday night's local was the heaviest that ever went over the V. & T.—Chronicle

Bobby—Mamma, if God is as good as you say he is, why doesn't he always answer our prayers?

"He does, Bobby, when they deserve to be answered."

"Well, I prayed that I might not steal any more jam out of the butler's pantry, but it didn't make any difference."—Life.

Maud—Really! I always imagined that you were so much older.—San Francisco Chronicle.

"We had thirteen people at our party last night."

"Any bad luck?"

"Yes, everybody wanted ice cream twice and it gave out."—Chicago Record-Herald.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

Hay is selling at \$26 per ton in the tack at Lovelock.

Silver City is now connected by telephone with the outside world.

The Nevada wheat crop this year is said to be above the average in yield and quality.

Nevada's honey crop is almost a failure. Around Reno the beesmen are telling the same story.

The name of Lone Pine Station, on the Carson & Colorado railroad, will be changed to Mount Whitney.

Jake Browning, a single man of 25 died at Delamar at 5 o'clock Thursday morning as the result of a large

dose of morphine taken the previous evening with suicidal intent. The cause of the deed is not clear.

James A. G. Doane of Carson and Miss Emma Reulwick were married in San Francisco on the 18th inst.

Dick Jose, the Nevada alto singer, has gone to Chicago to fill an engagement. He weighs only 325 pounds.

Billy McVade, Deputy State Controller of Nevada 17 years ago, was knocked down and severely beaten in San Francisco last week.

A report comes from Nome that Will Biles of Carson cleaned up \$200,000 on one of his claims, and the adjoining claim it is said is still richer.

George Broligan, for the past two weeks visiting relatives in Bodie, has gone to Tonopah. He expects to move a hotel to the new camp from Hawthorne.—Miner.

The land sales for the first two days of this week at the State Land Office amounted to 5000 acres. The land is situated principally in Elko and Lincoln county.

Yesterday a man named Webb hired a single rig of Raycraft Bros. to drive out to the mine and back. Up to the present time he has not returned and no trace of him can be found.—Carson News.
